

JULY: SCAVENGER HUNT

Berkeley Hort's 100th Anniversary KID'S PASSPORT activity

Here is a list of 8 things **from nature** we want you to find in your garden, in a park or just in your neighborhood. *(Please be respectful and don't go into someone else's garden without permission.)*

Take a photograph or draw on a sheet of paper the 8 things on this list. Write what it's name is (if you know it) and where you found it. If you learned anything interesting about it, write that down too.

1. something wet

2. something moving

3. something with a rough texture

4. something with a smooth texture

5. something very large

6. something edible

7. something you know nothing about

8. something very small
